Kreveres in Queretaro

Mira Micaiah

## Prayer & Praise

- Pray for discernment in prioritizing the new K-fe projects and plans
- Pray that through our friendships Rogelio and Karina get to meet Jesus personally
- Pray for Micaiah to continue to be healthy
- Pray that our strength for ministry will come from a strong relationship with the Lord

## CREEP OUT, then LEAP OUT!

The business group from North Point that came last month helped our team reevaluate our plans and processes for the K-fe. We have specific improvements in operational processes and promotional ideas along with big plans in the near future to open a NEW café to better model relevant environments to the local church.

## Strategic boost from the Midwest

A team from Illinois came down to host a retreat for the Universitarios group. It was a great time for building community and relational evangelism within the group!

A team from Michigan helped us host a huge banquet for friends of local churches, and pastors. About 90 Mexicans came to hear:

- The mission and vision of the ministry
- Testimonies of individual students and local pastors
- Ways they could partner with the café

## Quotes from Banquet Testimonies

*"When this group talked about starting the café ministry, I didn't think it would work. Now, that I see God using this ministry, we want to start something similar in our church."*

*- Local Church Pastor*

*"When I came to the K-fe, I was looking for something different. Here I found friends that accepted me."* - New Christian Student

## Investing in a few friends for the sake of Eternity

Rogelio regularly attends Universitarios and also went on the retreat. He has began a relationship with Christ, but still feels accepted at the K-fe and even brings his friends. Julian and him frequently get together to eat, talk football and discuss spiritual things.

Karina, took piano classes with Whitney at the K-fe and now works 2 blocks from our house. Whitney is continuing to build a friendship with her as they hang out and play with Micaiah. Pray that through this relationship she begins to understand how cool it is to have a personal relationship with the creator of the universe!

## Changing of the Guard

In the last month, Julian has officially stepped into the role of Team Leader.

## Queretario Quickies

- 3 - # of movies Micaiah has been to
- 3 - # of months until Julian's latest toe problem will heal?
- 60 - % of non-Christians who went on our retreat
- 1 - # of heads of cows eaten by us for a friend's birthday (scary)
- 6 - # of hours spent with a Mexican family for lunch
- 2 - # of dollars a movie costs on Wednesdays
