Summer Interns!

In May, we had Dena, an intern from Canada working with our team. She worked at the K-fe, taught English classes and built some great friendships with new students. Then, in June, we had 5 interns from the US here with us taking classes at the Universities, meeting new students and hosting a summer English camp. They did a great job connecting new students to the K-fe.

Visitor Crazy!

We have had 12 visitors in the past 2.5 months stay with us, and during that time we have had only 6 days with just us. It has been very encouraging, but also tiring. We have had Troy & Teri Coons, Dena the intern, Jill from Oregon, Kristin & Emily the interns, Whitney's parents, Wes the summer guy, Michell from ITEAMS, Gary from MN and Will from Atlanta!

WHAT'S NEXT ...

- **August 24 - 27**
Team Retreat
- **September 27 - October 1**
NPCC Latin America Conference
- **December 5 -**
Micaiah's 1st Birthday!

Party Like It's 2004?

Recently we have had a number of parties in the K-fe including the interns' good-bye party, Universitarios, and a wild 70's party. They have really been some of the best fun filled nights we have seen at the K-fe in a while. We have seen more non-Christians coming and having fun and then wanting to keep spending time together after the K-fe closes! We are praying that the new students will keep coming and build deeper relationships with Christians at the K-fe.

Institute of Break Dance

As some of you may remember, Julian was hard at work teaching break dancing this summer to kids at the Music Institute while Whitney taught piano classes and met a few college-aged ladies. What a way to break the ice with the kids!
