# Chips & Salsa

Kreveres in Queretaro

Mira Micaiah

## Next Up

- ILF: We will be at the International Teams International Leadership Forum early-mid May. This is an annual conference of team leaders from around the world to come share ideas with other leaders and be equipped.
- NPCC Short-term team: At home, in Queretaro, a team from our home church will be giving business conferences at the local universities to connect students with the K-fe.
- Interns: This year, we have one intern coming from Canada for May and the first half of June, along with 5 interns from the US coming early June until the end of July.

## K-Fe's New LOOK

The last few weeks, we have spent on remodeling the café. Based on talks with our business consulting team, we are changing our menu, our style, and our processes to make the K-fe more inviting to students.

### COFFEE CRAZY!

In the meantime, Julian has been working on a business plan for a new café. As part of this process, Julian and Matt, our K-fe operations director, went to the "Specialty Coffee Association of America" conference in Atlanta in late April for a quick weekend.

### Spring Training

Around here, "futbol" usually means soccer, but recently Julian joined the city's American football team. Playing is a great stress reliever for Julian and a lot of fun. So far, the *Libertadores* are 5-1.

(Julian is number 22)

### Prayer Requests:

- ❑ For the K-fe renovation to go smoothly and to bring in lots of new students
- ❑ For the 6 interns to grow in their relationships with God, knowledge of missions and help the ministry here
- ❑ For our family to remain close to God and each other in the midst of ministry

### Praise:

- ❑ Geneseo Church from Illinois helped fund the K-fe renovation

### Queretario Quickies

- 11 - # of hours Micaiah is sleeping through the night
- 1 - # of interceptions Julian made in his last game
- 8 - # of painful cuts and bruises Julian made in his last game
- 2 - # of Georgia Tech basketball tournament games we saw
- 3 - # of no-shows contractors made for working at the K-fe last week
- 1 - # of teeth Micaiah has
- 55 - # of cents for a kilo of tortillas
