Kreveres in Queretaro

## Whitney Watch

Each month tune in to see how our new Mommy progresses ... and grows ☺

Well it is now 3 months into it and doing great. Well, actually, she is taking lots of little naps and eating a good bit more. We are so thankful to the Lord to bless us with the opportunity to raise up the next generation for the sake of eternity!

### Prayer Requests

- ❑ Wisdom as Julian directs the team this summer
- ❑ Good health for Whitney and the baby
- ❑ Growing deeper relationships during our mission trip to Oaxaca

## Baby Talk

Hey world! It's me, the baby inside Whitney's tummy. Boy, there sure is not much room in here; mommy needs to eat more because I am getting hungry. I feel like I've been cooped up in here for days or even 3 months! 'Quiero algo para comer'...whoops I forget you all probably don't speak Spanish. Well, I live it and breath it every day through this tummy. What are all these veggies, I want some ice cream and pickles! Where can I get some of that? Pop keeps trying to get me to practice my football skills, but I want to play Fútbol (soccer) and I wouldn't mind golfing a little if I could shorten up some of those clubs. I wonder if I am a young man or a cute little girl...well I guess I'll keep waiting till my privates grow a little. Take care world. I'll talk to you guys later. God bless you, he sure did me...just think He created me, pretty amazing!

### Juxtlahuaca, Oaxaca (How do you say that?)

- ❑ **WHAT?**
  - We are traveling down to Juxtlahuaca, Oaxaca to help work with the Mixteco Indians (Social work, construction, working with locals, children's events)
- ❑ **WHO?**
  - 9 Gringos (Missionaries)
  - 8 Mexicans who are leaders in our local ministry
  - About 4 people who don't know the Lord
- ❑ **WHERE?**
  - Juxtlahuaca, Oaxaca 10,000; 10 major streets;
  - Most people are of Mixteco origin, and speak very little if any Spanish
- ❑ **WHY?**
  - Expose Mexicans in Queretaro to missions outside the city
  - Invest in Relationships with non-Christians in a fun and challenging environment
- ❑ **COOLEST PARTICIPANTS STORY**
  - 3 girls (Osvelia, Angelica, Lily) who are going on the trip want to be missionaries.
  - They began coming to K-fe to take language classes & loved hanging out at the K-fe.
  - They asked our team if they could be missionaries because they saw something different.
  - They don't know the Lord yet, and asked to be in a bible study to meet Him.

### ONE CRAZY SUMMER (Julian Leading the team?!?)

Starting this summer our team leader roles will be changing; Julian will be the associate **Queretaro Team leader**. He will assume all day to day, financial and communication responsibility.

In addition we have 7 interns with us for the summer. One is Stephen martin from our home church (NPCC) in Atlanta.

**Team Building:** We have started focusing on building unity amongst the team and are excited to begin creating a deeper level of community.

Next week we begin a 3 week music and language Insititue that we will work with daily.
